Following the accident in the mountains call

((112))

When you call, please specify: WHO is calling,
WHAT happened, WHERE and WHEN it happened,
HOW MANY casualties there are, what are the
injuries and the circumstances at the scene of the
accident, and what kind of help you need.

Planinska zveza Slovenije (the Alpine Association of Slovenia) recommends that you check, prior to visiting the mountains, whether mountain huts are open. If you plan to stay overnight, book your lodging beforehand at the selected hut (in the event that you will not spend the night at that hut due to reasons arising later, please immediately inform the mountain hut staff). The booking is valid until 17:00 on the day of the overnight stay; in the case of a later arrival, please inform the mountain hut staff about it. When planning a highland mountain tour, contact the competent alpine club to ask about the condition of bivouacs and their opening time.
