MOUNTAIN HUT RESERVATION SYSTEM

GUIDELINES FOR MOUNTAIN GOERS

We recommend that you check the conditions of mountain trails while planning your outing. This information is available at www.stanje-poti.pzs.si/en.php, the nearest mountain huts, and the local alpine clubs. If you encounter a damaged trail, please send an email to poskodbe.poti@pzs.si about the trail in question and the nature of the damage, and attach a photo if you have one. All users must assume full responsibility for their actions and personal safety while using the trails. Act responsibly and respect other mountain goers. Make sure not to damage the trails and the environment, including all the land, buildings, plants, and animals.

Check that the mountain hut you plan to visit is open at www.en.pzs.si/koce.php. Make sure to book your stay if you plan to sleep at a hut. Reservations are valid until 17:00 on the day of arrival. Please notify the hut personnel if you'll be arriving later. If you'd like to cancel your reservation, please do so at least two days before the planned arrival.

Call 112 in case of an accident. You will need to provide your name as well as the nature, location, and time of the accident, the number of injured people, nature of their injuries, and weather conditions at the place of the accident.

Planinska zveza Slovenije (the Alpine Association of Slovenia) recommends that you check, prior to visiting the mountains, whether mountain huts are open. If you plan to stay overnight, book your lodging beforehand at the selected hut (in the event that you will not spend the night at that hut due to reasons arising later, please immediately inform the mountain hut staff). The booking is valid until 17:00 on the day of the overnight stay; in the case of a later arrival, please inform the mountain hut staff about it. When planning a highland mountain tour, contact the competent alpine club to ask about the condition of bivouacs and their opening time.

THE SLOVENIAN MOUNTAIN TRAIL

NOTICE TO MOUNTAIN TRAIL USERS

Hikers using mountain trails are advised to learn about the current state of the trails by checking the website stanje-poti.pzs.si/en by asking at the local mountain hut, or by enquiring at the local alpine club. If you notice any damaged or inadequately maintained parts of a mountain trail (damaged guards, faded trail markings, heavily overgrown trail, rockfalls, etc.), please send email to poskod-be.poti@pzs.si. Please indicate on which mountain trail you noticed the damage, describe the problem, and add a photo, if possible.

WARNING: Mountain hikers use the trails at their own risk. Mountain trail users must behave in a responsible manner so that they do not endanger or hurt themselves or others. A user must use mountain trails in a manner which does not cause any damage to the trail or to the land, property or buildings adjacent to it, nor causes any harm to the flora and fauna along the trail. It is prohibited to restrict access to mountain trails and to damage, remove or destroy trail markings, direction boards, boxes and protective equipment or any other labels. It is also prohibited to use unmarked shortcuts.

FREE ACCESS TO THE LOGARSKA DOLINA VALLEY FOR MEMBERS OF THE PZS TILL 8 JULII

The MRAS SUPPORTER STICKER ("PODPORNIK GRZS" sticker) can be ordered by e-mail at info@grzs.si, bought at all mountain rescue stations or at mountain rescue clubs, in the Slovenian Alpine Museum, and in some mountain huts. More information: www.grzs.si.

NOTICE TO MOUNTAIN TRAIL USERS

Hikers using mountain trails are advised to learn about the current state of the trails by checking the website stanje-poti.pzs.si/en by asking at the local mountain hut, or by enquiring at the local alpine club. If you notice any damaged or inadequately maintained parts of a mountain trail (damaged guards, faded trail markings, heavily overgrown trail, rockfalls, etc.), please send email to poskodbe.poti@pzs.si. Please indicate on which mountain trail you noticed the damage, describe the problem, and add a photo, if possible.

WARNING: Mountain hikers use the trails at their own risk. Mountain trail users must behave in a responsible manner so that they do not endanger or hurt themselves or others. A user must use mountain trails in a manner which does not cause any damage to the trail or to the land, property or buildings adjacent to it, nor causes any harm to the flora and fauna along the trail. It is prohibited to restrict access to mountain trails and to damage, remove or destroy trail markings, direction boards, boxes and protective equipment or any other labels. It is also prohibited to use unmarked shortcuts.

Following the accident in the mountains call

((112))

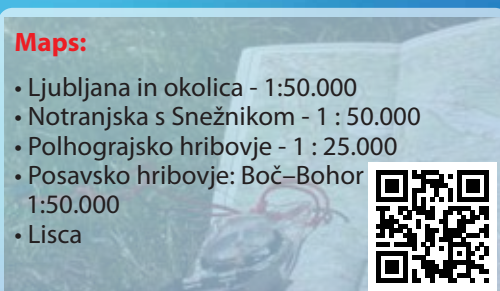

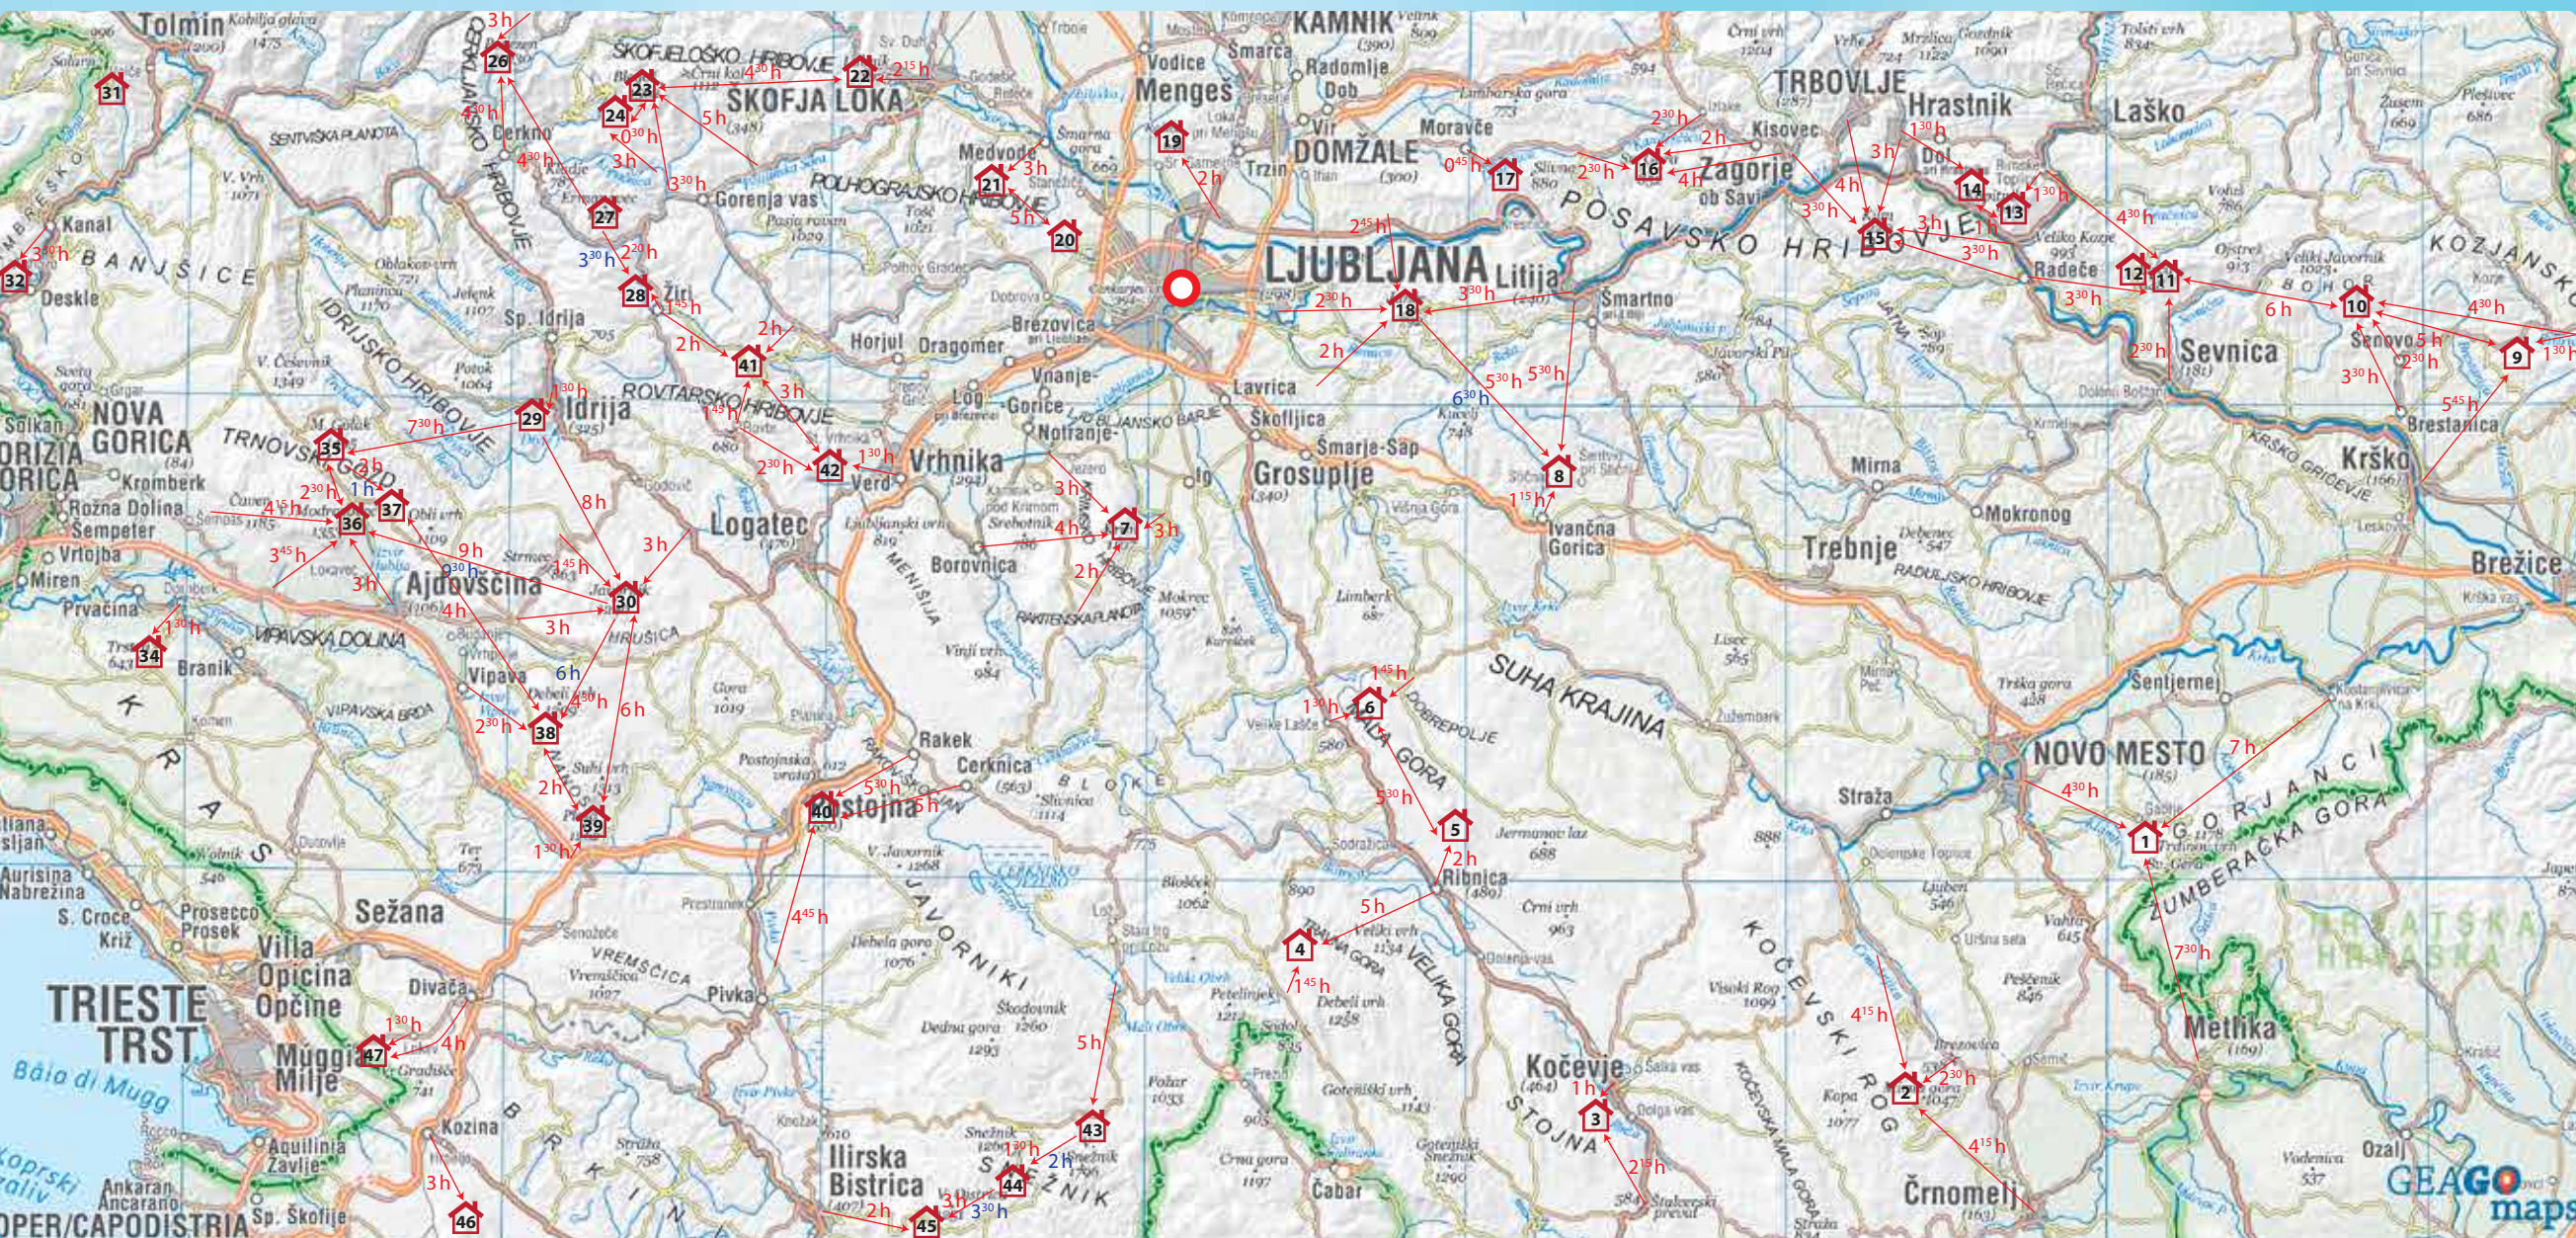

When you call, please specify: WHO is calling, WHAT happened, WHERE and WHEN it happened, HOW MANY casualties there are, what are the injuries and the circumstances at the scene of the accident, and what kind of help you need.

Planinska zveza Slovenije (the Alpine Association of Slovenia) recommends that you check, prior to visiting the mountains, whether mountain huts are open. If you plan to stay overnight, book your lodging beforehand at the selected hut (in the event that you will not spend the night at that hut due to reasons arising later, please immediately inform the mountain hut staff). The booking is valid until 17:00 on the day of the overnight stay; in the case of a later arrival, please inform the mountain hut staff about it. When planning a highland mountain tour, contact the competent alpine club to ask about the condition of bivouacs and their opening time.

The MRAS SUPPORTER STICKER ("PODPORNIK GRZS" sticker) can be ordered by e-mail at info@grzs.si, bought at all mountain rescue stations or at mountain rescue clubs, in the Slovenian Alpine Museum, and in some mountain huts. More information: www.grzs.si.
