# ► FREEDOM OF PUBLIC TRANSPORT ►►

You are looking at CIPRA Slovenia's fourth edition of Timetables, created in cooperation with the Alpine Association of Slovenia, Triglav National Park and local tourist organizations Bled, Bohinj, Bovec, Kranjska Gora and Tolmin. We try to improve this brochure every year, so this year we added a map of public **transport** routes, lifts timetables, we expanded the range of public **transport** schedules (new routes) and we increased the circulation. In addition, we also prepared the English version of this brochure. Why all this effort, when it was so comfortable to drive your own car?

For those who do not know it yet, let me briefly highlight the main advantages of public **transport** usage: increased travel safety, greater energy efficiency (and, consequently, less pollution), increasing financial eligibility, greater time efficiency etc. If we stand up to nowadays haste, **travelling** by bus or train can be a good anti-stress therapy. Of course, after the initial shock that we are moving too slowly because of all the stations and back roads. But still, we arrive at our destination in a heart beat. We hope that public **transport** will be used not only by people who are environmentally aware, or have no other choice of **travel**, but that public **transport** will become a really good choice.

So just relax and enjoy the **journey** into another dimension of time!
